SUBJECT: INDEPENDENT LIVING PROGRAM ALLOCATIONS FOR FEDERAL
FISCAL YEAR 1993, OCTOBER 1, 1992 - SEPTEMBER 30, 1993

REFERENCE: ALL COUNTY LETTER NO. 91-103

The purpose of this letter is to transmit Independent Living Program (ILP) allocation information for Federal Fiscal Year (FFY) 1993. California's share of money appropriated to the states under Title IV-E of the Social Security Act includes a basic allocation of \$8,023,999 and an additional allocation of \$4,457,778 which requires a 50 percent match.

The distribution of funds in California is based on each county's proportionate share of the State's total foster care population, age 16 and over, as reported to the Foster Care Information System (FCIS). The attached breakdown was completed using information reported to the FCIS during the calendar year ending December 1991, and provides counties with the amount of funds available for the period beginning October 1, 1992 and ending September 30, 1993.

BASIC ALLOCATION METHODOLOGY

Of California's share of the basic allocation, \$1,019,784 will be used to contract with the California Community Colleges Foundation and the University of California, Davis, University Extension for training, and to offset program administration costs of the State Department of Social Services.

The remaining basic allocation for California is \$7,004,215. This amount is used in calculating the dollar amount appropriated to the counties, as reflected in the attached breakdown.

ADDITIONAL ALLOCATION METHODOLOGY

The additional allocation amount of \$4,457,778 will be reduced to \$3,818,652, with the difference being held by the Department for augmenting contractors that can provide the required match.

The additional allocation of \$3,818,652 is also appropriated based on the youth population within each county, as reflected in the attachment. This additional amount requires a cash or in-kind 50 percent match to draw down federal funds for allowable expenditures.

Counties may begin claiming match, as well as their basic allocation, during the first quarter of FFY 1993, October 1, 1992 through December 31, 1992. After the first quarter's claims are compiled, the Department will review the information to determine to what extent the additional federal funds are being used and to explore alternative ways to use and match the additional federal funds, as appropriate. A forthcoming All-County Information Notice will contain information on what are allowable expenditures for match.
